Global University Film Awards

The Academy of Film launched the first GUFA in November 2018. Being envisioned as the “University Academy Film Award”, GUFA is well-recognized as the most-celebrated international student event ever undertaken in Hong Kong.

Over the 3-days event in November, more than 400 participants from across the world comprising students, academic scholars and film industry professionals joined a myriad of activities. The activities included screening of shortlisted creative student film productions which enter the final of the 5 film categories including Documentary films, narratives, Asian narratives, Experimental and Animation. There are also Master classes given by industry heavyweights and a pitching session in rewarding students with outstanding story ideas. GUFA connects local and international, bringing together not only members of the Hong Kong community, but also film talents and practitioners from all over the world.

The GUFA 2020 has received over 2,500 film submissions from 104 countries and regions and confirms its status as the signature event of the Academy.
